Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

U.S. Patent No. 4,131,179 (Westover et al.) and U.S. Patent No. 6,236,824 (Pardubitzki) are the closest prior art references. Westover et al. and Pardubitzki each disclose an apparatus for conveying sheets including a transport with a first flat member, a second flat member, a gap between the first and second members forming a substantially vertical path, a hinge and a bottom structure disposed at the bottom of the transport. However, Westover et al. and Pardubitzki both fail to disclose the relationship between the bottom structure, the sheet edge and the hinge as set forth in independent claim 1 as now amended.

More specifically, Westover et al. and Pardubitzki both fail to disclose a bottom structure that causes an edge of a sheet, which is released from the path and drops onto the bottom structure, to be inclined away from the hinge as set forth in independent claim 1 as now amended.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
